Patented Vitamin C for your Vitality

Description

Dosage

Chew 1/4 tablet per day. Recommended from 14 years and up.

Recommendations

This food supplement is not a substitute for a varied and balanced diet and a healthy lifestyle and is not a medicinal product. Inform your doctor and/or pharmacist if you are taking any medicines at the same time. Keep out of the reach of children. Store at room temperature and in a dry place. Do not exceed the stated dosage.

Maximizing the Benefits of Vitamin C with Liposomal Technology Liposomal

Vitamin C 1000 contains a technology of natural liposomes that enhances the absorption of vitamin C by our body.

Vit C 1000 was developed to provide an optimal dose of vitamin C in a highly bioavailable form. These small vesicles, formed from phospholipids similar to those in our cell membranes, allow vitamin C to more effectively pass through digestive barriers and be delivered directly to the cells that need it.

Vitamin C is known for its antioxidant capacity that plays a role in many bodily functions, including protecting cells against oxidative stress and the normal formation of collagen to assist in the normal functions of the skin, blood vessels, bones, and cartilage. It also contributes to the normal functioning of the immune system and to the reduction of tiredness. However, our body cannot produce or store vitamin C, hence the importance of a regular and effective intake through diet or supplementation.

Composition

Composition

Vitamin C (Liposomal PureWay-C™); capsule shell: pullulan; emulsifiers: sunflower lecithin E322 (phospholipids), fatty acids E570; citric bioflavonoids.
